DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of Group I, claims 24-29 in the Reply filed 7/23/2004 is acknowledged. Since Applicant has cancelled the claims corresponding to the other Groups, the Restriction Requirement is moot. Claims 24-29 are under consideration.

Specification

The requirement is still deemed proper and is therefore made FINAL.

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed. Applicant should restrict the title to the claimed invention.

Applicant should avoid the use of novel in the title, as patents are presumed to be novel and unobvious.

Claim Rejections - 35 USC § 112 second paragraph

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 25 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 1646

The claim is vague and indefinite in that it is drawn to polypeptides which “comprise the nucleic acid sequence of SEQ ID NO: 1 or SEQ ID NO: 3”. Polypeptides do not comprise nucleic acids, presumably the claim is meant to be drawn to polypeptides encoded by SERQ ID NO: 1 or 3. Appropriate correction is required.

Conclusion

Claims 24, 26-29 are allowable.

Claims 25 is rejected.
